Buenos Dias, Robert!

We will be obtaining a business lease from State Land Office for a central tank battery that is located on State lands. Some of the wells going to that battery are federal wells. Do we have to wait for BLM to approve APD's before starting construction on State lands?

Sincerely,

Yolanda Perez

Buenos Dias Yolanda,

I would say no, since the CTB is on State Lands. Now you mention APD approval. Are you asking APD approval for the federal wells? If so, I would contact Bob Ballard, but it seems that you would still be able to construct the CTB since it is not tied to the federal wells. I will cc Bob. I hope this message makes sense. Thank you.
